Notice of Acquisition of Business

The Board of Directors of MarketEnterprise Co., Ltd. approved a resolution today to acquire the SINCHANGE(<https://simchange.jp/>) business of ENECHANGE Ltd. SINCHANGE is the website that is listed about budget SIMs, smartphones.

Although this Acquisition does not fall under the Timely Disclosure criteria, we judged to be useful information for shareholders and investors and is subject to voluntary disclosure.

1. Purpose of the acquisition

Although the trend of personal consumption in recent years has been based on the continuing trend of savings and low prices, the trend is not necessarily following these tendencies, and a consumer style with a sharper emphasis on personal values and preferences is becoming pervasive. Under the circumstance, we are developing business to realize an "optimized trading company" that offers the best options for consumers seeking diversified consumer behavior and smart consumption.

Specifically, in addition to the secondhand online business (purchasing and selling secondhand products online without second-hand brick-and-mortar shops), which has been developed for some time, we have recently developed media platform business (operates owned media to provide useful information to consumers seeking diversified consumption behavior and smart consumption) and telecommunication business (sales of budget SIMs, used smartphones, data communication terminals, etc.).

The site "SIMCHANGE (<https://simchange.jp/>)" related to budget SIMs and smartphones, is considered to be highly compatible with the media platform business and the telecommunications business at this point on SIM rock remove, and a synergetic effect can be expected. Furthermore, in the future, due to the mandatory SIM unlocking scheduled in September this year, the demand for expanding the volume of used smartphones and the need for budget SIMs are expected to increase. This, we have determined that there is a high possibility of generating further synergy effects.

For the above reasons, we have resolved the business acquisition
